Raising the Bar

The El Paso County Bar Association is the fourth largest local bar association in the state of Colorado and is dedicated to serving its members as a “partner” in their practice of law.

As an up-and-coming association in Southern Colorado, we are committed to becoming an organization where successful individuals can come together to network, learn, and exchange ideas.

Recent research indicates that individuals who are members of a professional association, on average, earn a higher salary, are happier at work, and are happier than non-members. Rather than suggesting that joining the association itself leads to success, success in one’s profession increases the likelihood of joining an association (The William E. Smith Institute for Association Research).

As a successful professional in Southern Colorado, we encourage you to become a member of the El Paso County Bar Association.
